LCA Water Customers – BOIL WATER ADVISORY - LIFTED

- **Beverly Hills Division**
- **Upper Milford Division (a.k.a. Mink Estates & Far View Farms)**
- **Upper Milford Central Division (a.k.a Buss Acres)**

November 4, 2011

WHAT HAPPENED?

Lehigh County Authority (LCA) is pleased to report that following 2 consecutive days of water sampling that showed NO signs of bacteria, the Boil Water Advisory issued to your property has been lifted.

You may return to normal usage of your tap water.

Our disinfection and monitoring systems have proven to be effective in bringing your system back to normal. In addition, the electrical power outage that caused the water service disruption has been repaired and service is restored to all customers.

Our tests indicate that your water quality meets federal and state safety standards, and you may return to your normal usage of your tap water.

If your water looks cloudy, please flush out your faucets by letting the water run for a minute or two. If it doesn't clear up, give us a call at 610-398-1444 (or 610-398-2503 for after-hours emergencies).

THANK YOU!

We sincerely regret the inconvenience these water quality concerns have caused, and we appreciate the cooperation and support you've shown us! Please contact us at 610-398-1444 if you have any questions or concerns.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

HIERVAN EL AGUA ANTES DE USARLA. Este informe contiene informacion importante acerca de su agua potable. Haga que alguien lo traduzca para usted, o hable con alguien que lo entienda.
