LCA Water Customers – BOIL WATER ADVISORY – LIFTED

BUSS ACRES – UPPER MILFORD TOWNSHIP

APRIL 11, 2026

WHAT HAPPENED?

Lehigh County Authority (LCA) is pleased to report that following 2 consecutive days of water sampling that showed NO signs of bacteria, the Boil Water Advisory issued to your property on Thursday, April 9, 2026, has been lifted.

You may return to normal use of your tap water.

Water service and normal pressure were restored to all impacted customers.

Our tests indicate that your water quality meets federal and state safety standards, and you may use tap water as normal.

If your water looks cloudy, please flush out your cold-water faucets by letting the water run for a minute or two. If it doesn't clear up, give us a call at 610-398-1444.

THANK YOU!

We sincerely regret the inconvenience these water quality concerns have caused! Please contact us at 610-398-1444 if you have any questions or concerns.

Please share this information with all people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

HIERVAN EL AGUA ANTES DE USARLA. Este informe contiene información importante acerca de su agua potable. Haga que alguien lo traduzca para usted, o hable con alguien que lo entienda.
